Christmas 2011

BAIRD & HAYES

End of year is now in sight and our office staff are working hard to finalise as much survey and planning work as possible before our office closes over the Christmas-New Year period. Wet weather is starting to affect survey crew timeframes and we ask for your patience if your job needs to be rescheduled.

Work experience students

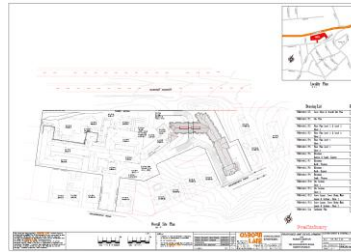

We have a strong commitment to offering work placements for local student planners and surveyors. We are pleased to have with us 2nd year planning student Matthew Lund from QUT, 1st year USC survey student Michael Topp and final year QUT student Ben Rees. Ben is an Australian Champion Body Builder and was featured in a recent edition of the QT. We also look forward to having Emily Lewis join us in January. Emily is a 4th year Griffith student who is currently studying in Dublin over the Christmas holidays.

Sponsorship

Baird and Hayes is proud to support various local charities and community groups. Town Planner Michael Dargusch walked/ran/crawled the Kokoda Challenge with the rest of his team, completing the 96 km course in the Gold Coast Hinterland to raise money for the Kokoda Youth Foundation.

Gatton Pony Club recently held its annual gymkhana and Baird and Hayes was pleased to sponsor some of the age group and encouragement trophies.

Recent work completions

Bundaleer Nursing Lodge extensions will provide a further 5 self-contained living units and 33 nursing beds. Significant changes to the existing sewer and drainage easements are required. TMR

was amenable to a reduced building setback after a detailed review of their future motorway alignment.

Stockland is now moving ahead towards completion of Stages 2 and 3 of their multi staged estate at Sovereign Pocket, south of Yamanto. As

constructed and titling survey for this estate is being handled by Baird and Hayes. Disclosure Plans and Statements have already been prepared to allow for early contracts on these lots.
