Site Plan
 Scale "B"

Preliminary

This drawing has been prepared by **OSBORN LANE** Consulting Engineers and must not be modified. Use of this information for any purpose must be done in conjunction with the hard copy approved drawings. Hard copy approved drawings take precedence over the electronic version and any discrepancies must be verified with **OSBORN LANE** Consulting Engineers. Do not rely on electronic drawing files for accurate set-out. All set-out information must be verified on site prior to commencement of fabrication and construction. The Builder / Contractor shall obtain and use the latest revision of all drawings associated with this drawing by this office and any relevant drawings / documents prepared by other consultants.

- NOTES**
- Contractor to verify all information & dimensions on site prior to commencement of construction.
 - DO NOT SCALE DRAWINGS
 - This drawing and the copyright thereof remains the property of **OSBORN LANE** Consulting Engineers A.B.N. 51 132 296 754.
